

NATIONAL INSTITUTE OF TECHNOLOGYCALICUT
DEPARTMENT OF ELECTRICAL ENGINEERING

EED/NBA/2016

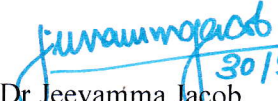

DATE:30.05.2016

CIRCULAR

Sub: NBA Accreditation for B.Tech(EEE)-5 year Accreditation granted-Regarding

It has been communicated, by the endorsement from Dean(Academic) of the Letter from National Board of Accreditation(NBA), Government of India F.No.26-19/2010- NBA dated 24.05.2016, that the **B.Tech programme in Electrical and Electronics Engineering of the Department of Electrical Engineering** has been **accredited for 5 years** with effect from the next academic year onwards. This is the maximum duration of accreditation under Tier-I and has been granted after a thorough "outcome based assessment". Even though the B.Tech(EEE) programme was accredited previously by NBA, it is to be noted that this fresh accreditation falls in line with the *accreditation for international recognition* based on the Washington Accord(www.nbaind.org, www.abet.org) and we are honoured by that status.

As Head of the Department, I take this opportunity to place on record our sincere gratitude to and all stakeholders of the Department, faculty, staff and students and also the Institute Administration for the grand support in achieving this recognition and request them to continue to extend their support to the Department in sustaining excellence in coming years also.
