

**Short term Course on Power Electronics for Grid Connected Renewable Energy System
May 14-16, 2015, EED, NIT Calicut**

Feedback Sheet

You may please write your free opinion on each item about the programme:

Your Title (please tick the correct one)	M Tech student / Researcher/ Faculty doing research / Faculty/Consultant/ Working professional /engineer from Industry /Others -----
Intention of attending the programme	Higher learning/ Research / Exposure on power electronics / Promotion / spend time /meeting friends /just attending /more consultancy /better job
Do you feel the course content is sufficient	Yes /just sufficient/No
How many sessions (in %) were really useful to you ? 100 % / <input checked="" type="checkbox"/> above 80% / about 60%/ about 40% / less than 40 %	
Name of the session which you feel is the best: Speaker: Prof. K.S. Suresh Kumar Reason for your choice: His topic was very much relevant to the course. He went into the details of PLL design for grid connected converters with the control details. Awesome session.	
Name of the topic(s) (if any) , which you feel were irrelevant to the course: Nil. All the topics were relevant to the course	
Name of the topic (if any), which you feel was the most relevant to the course: 1. Design of PLLs - Prof. K.S. Suresh Kumar 2. Phase locked loops - Mr. Subhash Joshi	
Do you feel that simulation sessions/Practical sessions were useful to you Yes, Very useful / Not that much / Not useful	
Name of the topic(s) (if any), which you feel was to be included (added) in the course: Controller design for grid connected ^{two level} converters as well as multilevel converters	
Do you like to attend this course if conducted again: <input checked="" type="checkbox"/> yes/ sometimes / no	

Name of the areas/topics, which you would like to attend some courses in future at NIT Calicut:

1. Controller design for grid connected power converters
2. A workshop on advanced controllers for power converters such as DSP, FPGA etc.

Do you like to attend similar workshops/seminars organised by Electrical Department(EED) /NIT Calicut/ NaMPET -CADC : yes/ sometimes / no

It will be very useful if a workshop on advanced digital PI specify controllers such as DSP, FPGA etc are arranged.

Your comment on arrangement/conduct of the programme: very good/good/satisfactory/poor

Your comment on technical content of the programme: very good/good/satisfactory/poor

Your comment on food and refreshment of the programme: very good/good/satisfactory/poor

Your comment on selection of speakers for the programme: very good/good/satisfactory/poor

What is the overall ranking of the course:

excellent / very good/ good/ satisfactory/ poor

Would you like to visit NIT Calicut again : yes/ no
Reason for your choice:

Would you like to reveal your name: (not at all compulsory)

If yes, please give your name & address:

Biju.K, Asst. Professor, Dept. of EEE, College of Engg. Munnar

Your specific suggestions for improvement of similar activities

- 1 A one week course on controller design for grid connected converters.
- 2 classical and modern control systems design for power electronic converters - One week course
- 3 A two or three day workshop on advanced digital controllers for power converters such as DSP, FPGA
