

**Short term Course on Power Electronics for Grid Connected Renewable Energy System
May 14-16, 2015, EED, NIT Calicut**

Feedback Sheet

You may please write your free opinion on each item about the programme:

Your Title (please tick the correct one)	M Tech student / <input checked="" type="checkbox"/> Researcher/ Faculty <input checked="" type="checkbox"/> doing research / Faculty/Consultant/ Working professional /engineer from Industry /Others -----
Intention of attending the programme	Higher <input checked="" type="checkbox"/> learning/ <input checked="" type="checkbox"/> Research / Exposure <input checked="" type="checkbox"/> on power electronics / Promotion / spend time /meeting friends /just attending /more consultancy /better job
Do you feel the course content is sufficient	<input checked="" type="checkbox"/> Yes /just sufficient/No
How many sessions (in %) were really useful to you ? 100% / <input checked="" type="checkbox"/> above 80% / about 60%/ about 40% / less than 40 %	
Name of the session which you feel is the best: Speaker: Dr. Shivakumar, & Ajeesh. A Reason for your choice: Got more inspirations for the research	
Name of the topic(s) (if any) , which you feel were <u>irrelevant</u> to the course: - Nothing - (session from Mr. Jisu. K was very much boring)	
Name of the topic (if any), which you feel was the most relevant to the course: All session were more relevant relevant, well organized & more effective.	
Do you feel that simulation sessions/Practical sessions were useful to you Yes, Very useful / Not that much Not that much ----- N-A -----	
Name of the topic(s) (if any), which you feel was to be included (added) in the course: Real time assa " Real time problems with grid connected inverters "	
Do you like to attend this course if conducted again: yes/ sometimes / no <input checked="" type="checkbox"/> I will send someone/ others to get get benefited from NITC.	

Name of the areas/topics, which you would like to attend some courses in future at NIT Calicut: Protection challenges with ^{2nd} Integration of distributed generation
Do you like to attend similar workshops/seminars organised by Electrical Department(EED) /NIT Calicut/ NaMPET -CADC : <input checked="" type="checkbox"/> yes/ sometimes / no
Pl specify Both
Your comment on arrangement/conduct of the programme: very good/good/satisfactory/poor Very Good
Your comment on technical content of the programme: very good/good/satisfactory/poor Very Good
Your comment on food and refreshment of the programme: very good/good/satisfactory/poor Good
Your comment on selection of speakers for the programme: very good/good/satisfactory/poor Very good
What is the overall ranking of the course: excellent / <input checked="" type="checkbox"/> very good/ good / satisfactory / poor
Would you like to visit NIT Calicut again : <input checked="" type="checkbox"/> yes/ no Reason for your choice: It is enhancing me in many aspects.
Would you like to reveal your name: (not at all compulsory) If yes, please give your name & address: Mr. Imambhushen M. Patel
Your specific suggestions for improvement of similar activities 1 It is one of best workshop organized by the EED NITC. Unfortunately we are always missing Dr Ashok sir's sessions. 2 Make arrangements for relevant material of the course, like IEEE journals/transactions 3 A special talk to "motivate research for beginners, research to scholars and for developing passion in Research."

Special Thanks to Dr. ASTHOK sir and IPA team for providing a platform to enhance ourself
